KSB Etabloc:

The compact close-coupled pump for small spaces

Etabloc comes into its own in situations where every centimetre counts: with pump and motor connected in one compact unit the close-coupled pump features an extremely space-saving design that is perfect when things get tight. And all this without sacrificing excellent efficiency!

Design

Volute casing pump, single-stage, ratings to EN 733, radially split volute casing (some volute casings with integrally cast pump feet), replaceable casing wear rings (optionally available for casings in material variant C), closed radial impeller with multiply curved vanes, single mechanical seals to EN 12756, double mechanical seals to EN 12756, shaft fitted with a replaceable shaft protecting sleeve in the shaft seal area.

Application

- *Mechanical Seal: Code 10 (Q1Q1X4GG) up to maximum 110 degrees C heating water*
- *GG: Cast iron material of construction*
- *Motor: IE3 efficiency rating*

Pumping clean or aggressive liquids not chemically or mechanically aggressive to the pump materials in water supply systems, cooling water circuits, swimming pools, fire-fighting systems, irrigation systems, drainage systems, heating systems, air-conditioning systems, spray irrigation systems

Product Code	Model Name	P [kW]	I [A]	Motor
48230040	Etabloc 050-032-125 GG - 2900rpm	1,50	2,85	090S V4
48230043	Etabloc 050-032-125 GG - 2900rpm	3,00	5,89	100L V4
48230016	Etabloc 050-032-125.1 GG - 2900rpm	1,50	2,85	090S V4
48230172	Etabloc 050-032-160 GG - 2900rpm	2,20	3,99	090L V4
48230049	Etabloc 050-032-160 GG - 2900rpm	3,00	5,89	100L V4
48230052	Etabloc 050-032-160 GG - 2900rpm	4,00	7,79	112M V4
48230286	Etabloc 050-032-160.1 GG - 2900rpm	4,00	7,79	112M V4
48230058	Etabloc 050-032-200 GG - 2900rpm	5,50	10,42	132S V4
48230028	Etabloc 050-032-200.1 GG - 2900rpm	4,00	7,79	112M V4
48230067	Etabloc 065-040-125 GG - 2900rpm	1,50	2,85	090S V4
48230070	Etabloc 065-040-125 GG - 2900rpm	3,00	5,89	100L V4
48230073	Etabloc 065-040-125 GG - 2900rpm	4,00	7,79	112M V4
